

Innovative Gas System Design with Versatile Performance Capabilities

combustionregulator.com

With years of combined product and system experience, our experts use their unique applications knowledge and technical skills to understand your project requirements and suggest the best product solutions for the job. Whether you are assembling a bid package and need specifications, planning new construction or a retrofit project, or repairing an existing system, ECCO consistently delivers the best solutions for our clients needs.

Pietro Fiorentini

- Highest turndowns available 500:1 and 1000:1 capabilities
- ANSI Z21.80 Compliant
- Installed inside or outside
- Vent limited configurations available
- Wide range of pressure and flows

	GOVERNOR PIPE SIZES: 1/2" through 4" 7.25 PSIG*		GOVERNOR W/ OPD PIPE SIZES: 1/2" through 4" 10 PSIG
	PF400 PIPE SIZES: 3/8" & 1/2" 10 PSIG*		MOD FE MOD FEX PIPE SIZES: 3/4"-1-1/2" 125 PSIG
	GOVAL PIPE SIZES: 1/2" through 4" 15 PSIG*		CIRVAL PIPE SIZES: 1-1/4" -2" FLGD 75 PSIG
	DIVAL PIPE SIZES: 1" through 2" FLGD 290 PSIG		NORVAL PIPE SIZES: 1" through 8" FLGD 275 PSIG
	REVAL PIPE SIZES: 1" through 10" FLGD 363 PSIG		ZERO/RATIO PIPE SIZES: 1/2" through 4" FLGD 7.25 PSIG

*CSA Rated to 2 PSIG (Higher with Dual Cut or OPD)

Regulators available for a variety of applications from small burners to extremely high pressures and capacities
