

# PROBLEM: LOW NATURAL GAS PRESSURE WHEN INSTALLING WHOLE-HOUSE AND EMERGENCY BACKUP GENERATORS

PROPANE IS NOT THE ANSWER!

## Solution: **ETTER** Engineering's E101P Natural Gas Booster System

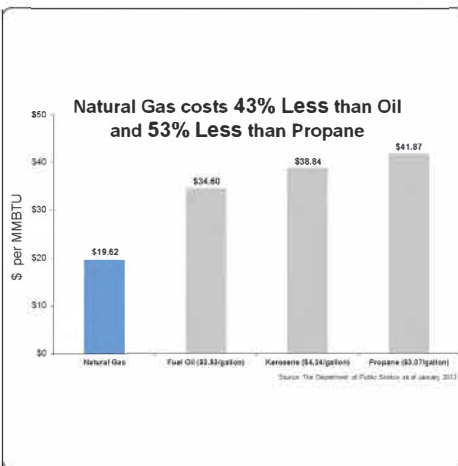

A compact natural gas booster designed specifically for use with whole-house generation systems! Easy installation, automatic on/off in the event of a power failure, and unmatched reliability ensure the lights stay on, no matter what Mother Nature throws at your customers!

### 3 Reasons Why You Should Use ETTER:

- 1.) **Experience** - We've been working with gas boosters since 1940.
- 2.) **Installation Base** - We have thousands of units installed.
- 3.) **Get Local Service** - Factory in Connecticut
